**“Proud to be learning, succeeding  
and caring together”**

Wednesday 13<sup>th</sup> May 2020,

Dear families,

I am certain that by now you will all be aware that the UK government has issued its roadmap into building our country's return after Covid 19. Part of this sees the possible return of children in Nursery, Reception, Years 1 and 6 from 1<sup>st</sup> June 2020.

Seeing the children return to school has always been the hope of all within Falconhurst, the building is certainly not the same without them; however, we must ensure that everyone and everything is as safe as it can possibly be before any return starts.

In recent weeks we have been starting to put together a plan of what would need to happen in the event of children returning. Now that we know which year groups have been decided, those plans are going through the final stages of checks and measures.

I have no doubt that at this time you will have lots and lots of questions, this is entirely understandable and it is my intention to answer as many of these as possible in the days ahead. Please also be assured that as professionals we too have many questions that we are seeking answers to as despite what the newspapers and social media may say, it is not a straightforward reopening of the doors and return for children. For now, please be assured that lots is happening within school to ensure that children and staff can be safe, socially distanced and supported both emotionally and academically upon their return. Specific guidance and information will be provided to families as soon as is possible and we are aiming to include lots of pictorial references to ensure that all children and families can securely access the information and understand what it means for them.

In the meantime, I hope that you are all well and keeping yourselves safe. We can't wait to see some of you soon and the rest of you in the not too distant future!

Kindest Regards,  
Louise Aird.
